- Provides both remote and onsite technical support for sister companies and other organizations requiring simulator technology assistance, both internationally and locally.
- Engages in a rotating schedule.
- Flight Simulator Devices handled:

Full Flight Simulator A320

LEVEL D, EASA Certified, CAAP Certified
Engine: CFM 56-5B4 / IAE V2527-A5
Manufacturer: CAE

Full Flight Simulator A320

LEVEL D, EASA Certified, CAAP Certified
Engine: CFM 56-5B4 / PW1127G-JM
Manufacturer: L3

Full Flight Simulator A330/340

LEVEL D, EASA Certified, CAAP Certified
Engine: A330/A340
Manufacturer: Sim Industries - CAE

Fixed Base Simulator A320

LEVEL FNPT II and FTD 1, CAAP Certified
Engine: CFM 56-5B4 / IAE V2527-A5
Manufacturer: MPS

A320-200 Virtual Procedure Trainer

LEVEL 4, CAAP Certified
Engine: CFM 56-5B4 / IAE V2527-A5
Manufacturer: L3

AL172

LEVEL FNPT II, CAAP Certified
Engine: Single Engine Piston C172
Manufacturer: ALSIM

ALSIM200

LEVEL FNPT II, CAAP Certified
Engine: Multi-Engine Turbo Fan - Cessna Citation II
Manufacturer: ALSIM

SMK Electronics Corp. (PH)

January 2016 - June 2018

• Process Engineer

- Create manufacturing processes, and conduct defect analysis, engineering evaluations, and statistical analysis and implement corrective and preventive actions to support process improvements.
